

HOME LEARNING MAKER MAT

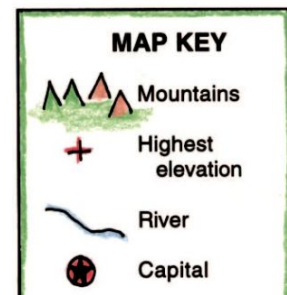

Explore your local area, spotting lots of different insects! Now create your very own fact file about your favourite insect.

Draw a dream jar and write down all the things you hope to achieve. It could be for today, this year or in a few years time. Feel free to decorate it too!

Grandad has a fantastic island called Grandad's Island. Can you create your own using a map key?

Create a habitat for a creature of your choice to live in. Think carefully about what your creature will need to survive. What materials might you use?

Habitats

Year 2

Living things & Their Habitats, Map It! Autumn 1

We are learning about African Chanting in music. See if you can create your own family chant using call and response!

Design your very own animal. Draw and label your diagram to explain its special features.

We are learning lots of synonyms in our writing lessons! Can you learn a new word each week and use it in your writing?

Practise passing the ball to another person and count your 2, 5 and 10 times tables till you drop it! Then start again!

Please complete at least 3 activities and return your projects by Friday 15th October.
