

HOME LEARNING MAKER MAT

Science

Create a stop motion animation linked to our topic, 'Evolution and Inheritance.'

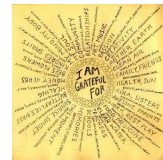

Science

Research and record how a cactus has adapted to its environment.

PSHE

Each day over the week, write something for which you are thankful. At the end of the week, look back at your gratitude diary.

Science

Create a model or an edible item that represents fossilisation. You could share it with your classmates or a video of you making it!

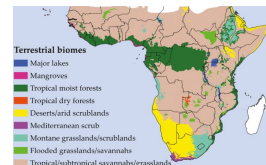

Year 6

Summer 1

Geography

Research the different biomes of Africa. See how many biomes you can detect. Draw a mind map with sketches and annotations.

Geography

Using a map, find out where in the world oil is produced. Research the varied uses for oil and present this information in the form of a report.

Science

Sketch the anatomical features of your favourite animal. Describe its different features and how it has adapted to its environment.

PE

Create a gymnastics routine. Share it with your class and explain the steps.

Please complete at least 3 activities and return your projects by Monday 23rd May
