

HOME LEARNING MAKER MAT

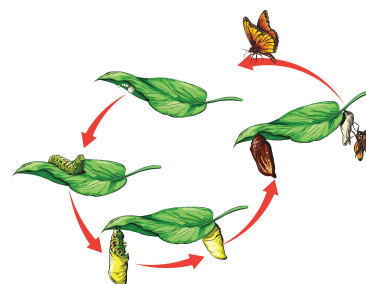

Create a 3D model of a flower, labelling all the parts that support reproduction.

Create a treasure map with a coordinates grid. What clues can you create for someone to follow to find the treasure?

Create a poster labelling and describing the life cycle of an animal of your choice.

Research the habitats of your chosen animal and make a model of it inside a shoebox:

Year 5

Summer 1

Look through your food cupboards at home.

Choose some ingredients to make a meal. Note down which countries your ingredients come from.

Design a print advert or poster for a fairtrade product you have learned about.

Create a healthy living plan for the holidays. What can you do each day to make sure you are staying healthy? Create a written or video diary that you can share with the class after Easter.

Find an empty jar. Every day for a month, write something positive about yourself or something you've done on a small piece of paper and put it in the jar. Watch the jar fill up!

**Please complete at least 3 activities.
We look forward to seeing what you have made!**
