

HOME LEARNING MAKER MAT

MATHS

Create your own sculpture using 3D and 2D shapes.

RE

We are learning about Christian celebrations. Which occasions do you celebrate? Design a poster explaining one of them.

ART

Create your own Pop art piece using block colours and different tones.

Science

Design your own animal. What does your animal need to survive?

Year 2

Our World
Animals inc Humans
Summer 1

WRITING

Create a comic strip about a time where you have had to overcome a problem.

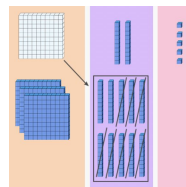

WRITING

Draw and label a picture about a time where you had to be resilient.

MATHS

Design a maths picture showing adding/subtracting using regrouping.

Geography

Create a poster on a climate zone (Arctic, Temperate or Tropical) What wildlife and plants would you find there?

Please complete at least 3 activities and return your projects by the last week of term.
