Learning Portal Access

It has come to our attention that there have been some families that have had some difficulties accessing the class learning portal.

The learning portal can be accessed through the school website or by scanning the QR code on the right.

The portal is updated each week to highlight the children's learning and share any additional information. When you are on the homepage you will be able to access a new tab with each week's learning. On a mobile phone you can access the tabs by clicking on the "menu button" at the left hand side of the screen (pictured left).

If you have any questions or further difficulties please speak to a member of the team and they are happy to help.

All the best,

The Reception Team
