

Friday 8th November 2024

Dear Key Stage 1 Parents and Carers,

In order to reduce the amount of duplicated resources online, we have made a slight change to the way home learning is shared on our website.

The previous home learning portal will no longer exist and will be replaced with a maths home learning link. Maths activities on this link will continue to be updated every Friday. The link can be accessed on our website in the following way:

- Select Key Stage 1
- Select Year 1 or Year 2
- Select the Curriculum tab

Curriculum leaflets, homework projects, knowledge organisers and spellings can also be found under the curriculum tab. Paper copies of the homework projects and spellings will also be sent home half termly.

If your child is in a Read Write Inc group, they will continue to bring home QR code stickers daily with links to the Read Write Inc online portal. They will also be given a phonics reading book each Wednesday, to be returned the following Wednesday. All children can continue to swap their reading for pleasure books on a Friday.

Snapshots of the children learning at school will continue to be shared in Mrs Beecroft's bulletin.

Wishing you a lovely weekend,

Conor McGivern  
Year 2 teacher, reading and computing lead
